

KING'S RHYTHM CREW

Featuring...

KING'S RHYTHM CREW featuring..., Dutch top rhythm section backing up National and International "blues/roots" artists.

Ruud Weber (bass, lead vocals), Fokke de Jong (drums, backing vocals) and Govert van der Kolm (keys, backing vocals) started early 2018 with this project of backing up a variety of artist. Thanks to their reputation as backing players and their current band King of the World they soon got a row of shows together playing with artist like Matt Schofield, Jon Amor, Hugh Coltman, JB Meijers, Jim Suhler, Alan Haynes, Danny Giles, Matt Taylor, Sean Webster and Ruben Hoeke. This led to new request to work with this top rhythm section. Master guitar player Matt Schofield agreed to play in the Netherlands on the condition that the KING'S RHYTHM CREW would be his backing band.

After this dream start they decided to make it a regular project next to their own band King of the World. With a history of working with artist like Snowy White, Byther Smith, Monster Mike Welch, David Gogo, Eugene Bridges, Candye Kane and many others, the three men of the KING'S RHYTHM CREW still have a lot of great musical projects ahead of them.
